4. SERVICE AND RATE DESCRIPTION**.1 Message Telecommunications Service (MTS)**

Unless otherwise noted herein, Message Telecommunications Services (except SPRINT Service) are available only to a maximum of two residential phone lines, per location. (N) (N)

.1 SPRINT Service

SPRINT Service is an intercity service which is available for use by subscribers twenty-four (24) hours a day. The subscriber will use one or more of the three following dialing patterns to gain access to the Sprint fiber optic network:

- .A In Feature Group D (FGD) exchanges, subscriber's telephone line(s) presubscribed to Sprint are programmed by the local exchange company (LEC) to automatically route "1+" calls to the Carrier's network.
- .B Customers who have selected Sprint as their "secondary" interexchange long distance carrier dial "1010XXX+" to access the Carrier's network. This dialing procedure would also be used by SPRINT Casual Caller customers (LEC billed).
- .C In some LATAs, in areas where equal access conversion has not yet occurred, some SPRINT Service subscribers dial an access number and authorization code to gain access to the Carrier's network.

Subscribers may originate and terminate SPRINT Service as described in Section 2. In the event Sprint determines that provision of SPRINT Dial-Up Service via a seven digit access number and authorization code imposes a significant risk of fraudulent use of its service, Sprint, at its discretion, may choose not to process new orders for Dial-Up Service and/or may, after written notice, cancel existing subscribers' authorization codes. In such cases, Sprint will continue to offer customers its "800" access FÖNCARDsm Service. SPRINT DIAL "1" Service or the "1010XXX" access number will also be offered where equal access (FGD) is available. Subscribers who use SPRINT Dial-Up Service in conjunction with automatic dialing equipment may be exempted from this requirement when Sprint determines that the likelihood of fraudulent use of the service using such equipment is not significant.

A term plan will automatically renew for an equivalent term and minimum annual commitment level unless the customer provides written notification to cancel the plan, with such notification being received by Sprint not less than 45 days prior to the expiration of the term.

(T)

A Sprint Voice Solutions customer must commit to one of the following minimum annual commitment levels of contributory usage charges: (1) \$3,000 (2) \$6,000 (3) \$12,000 (4) \$36,000 (5) \$60,000 (6) \$84,000 (7) \$120,000 (8) \$180,000 (9) \$300,000 (10) \$540,000 (11) \$780,000 (12) \$960,000 (13) \$1,200,000 (14) \$1,500,000 or (15) \$1,800,000. Sprint Voice Solutions is available on a one-year, two-year or three-year basis. Contributory usage charges (calculated prior to the application of any discounts) are aggregated across outbound, toll free, switched data (inbound and outbound), FÖNCARD, including all calling options; all locations and all jurisdictions (intrastate, interstate and international) in order to meet the minimum annual commitment level.

(N) (T)
|
(T)

Sprint reserves the right, after the conclusion of the first three billing months of the Sprint Voice Solutions customer's contract, to move the customer to a lower commitment level that is more directly comparable to the customer's current usage.

Sprint Voice Solutions customers terminating all Sprint Voice Solutions services prior to fulfilling their term commitment will be assessed a termination liability in an amount equal to the underutilized portion of the MAC plus the full MAC for any remaining 12 month periods in their term plan agreement. The termination liability will be billed in one lump sum. Customers will not incur this termination liability for their former term plan commitment if they request a new MAC equal to or greater than the previous level and agree to sign a new term plan agreement for a period equal to or greater than the term of their current plan. The customer will, however, be assessed the termination liability if they terminate all Sprint Voice Solutions service prior to fulfilling their new term commitments.

Usage rates are set forth beginning in the Rate Schedule 17.1.1. Sprint Voice Solutions services for intrastate use are sold as an add-on service to Sprint's interstate offering. Accordingly, recurring and non-recurring charges are located in Sprint's interstate Business Schedule at www.sprint.com/ratesandconditions.

INTERCITY TELECOMMUNICATIONS SERVICES

RATE SCHEDULE (Continued)**.3 Private Line Service# (Continued) (C)****.1 Clearline Services (Continued)****.2 Clearline Digital Data Services**

The following rates apply to Clearline Digital Data Services (DDS). These services are available on a monthly basis as well as one through five year commitment terms. DDS is available on a monthly basis only with customer-provided ADN access. DDS has three rate elements, which are described below.

.1 Base Interexchange Charges*

The charge for this portion of DDS is for transportation of traffic between Carrier's POPs. Charges are based on airline mileage as calculated using the formula presented Section 4.3, Mileage Between Rate Centers. Each DDS circuit connected between two subscribers interface points will be construed as an individual circuit for rate compilation purposes. To calculate the charge for a DDS circuit, add the fixed charge plus the charge per mile times the total number of V&H miles.

* Sprint's Base Interexchange Charges mirror the Company's interstate Clearline Digital Data Services Circuit Charges for Monthly Service Rate and Annual Rate Plans. See Sprint's Business Schedule 7 at www.sprint.com/ratesandconditions.

Effective February 13, 2008, Private Line Services will no longer be available to new customers. (N)
Existing customer's term plans may be renewed by Sprint at the end of the customer's term. (N)
